

Basem Al-Rifai

Contribution Rating (out of 10): 10

Work contribution comments:

Has done great job of putting together animations for the base game, as well as helping us learn more about unity. Has helped with the creative process. Came up with character sprites and movement.

Daniel Hinman

Contribution Rating (out of 10): 10

Work contribution comments:

Made the group git repo, and contributed to the creative process and discussions. Also made the group chat and invited everyone in the group to it.

Andy Bracken

Contribution Rating (out of 10): 10

Work contribution comments:

Has helped with the creative process and given us ideas. Worked with us on how we plan on moving forward and discussed constraints with us.
